This report provides an overview of just some of the efforts the National Rifle Association of America and the California Rifle & Pistol Association, Inc., are taking to protect the rights of California gun owners. Although litigation plays an extremely important role in the fight for the right to keep and bear arms, NRA and CRPA are heavily involved in many other tremendous and equally important endeavors throughout California and across the nation.

As has been and always will be the case, NRA and CRPA invest enormous amounts of resources to protect the Second Amendment at all levels of California's government, including all 58 counties, all 482 municipalities, and all state and local agencies tasked with enforcing the myriad of complex and ever expanding gun laws.

The digital version of this report, complete with links to relevant documents and additional information, can be found on NRA-ILA's California webpage at www.standandfightCalifornia.com and CRPA's webpage at www.crpa.org.

EXECUTIVE SUMMARY

FIREARMS LITIGATION REPORT

The litigation report provides a brief overview and update on NRA and CRPA's recent litigation efforts in California, including amicus and consulting support in other firearm related cases.

LOCAL ORDINANCE PROJECT REPORT

The Local Ordinance Project ("LOP") is a joint venture between the NRA and CRPA to monitor all California local jurisdictions to support or oppose any proposed ordinance, law, or policy likely to impact Second Amendment rights. LOP efforts include developing and working with a network of professionals, citizens, local government officials, and law enforcement agencies to effectively respond to local efforts aimed at California gun owners.

LOP campaigns typically include the submission of letters, grassroots coordination, public information campaigns, and, in some cases, appearances at city council hearings. In many instances, these efforts have prompted local governments to vote down proposals or pull them from consideration. LOP efforts also serve as the foundation for NRA and CRPA litigation efforts against municipalities that enact anti-gun legislation.

REGULATORY MATTERS REPORT

NRA and CRPA are also heavily invested in firearm law enforcement issues through their Regulatory Counsel efforts, which monitors the California DOJ and local law enforcement's interpretations of California firearm laws on a daily basis.

Ongoing efforts include drafting regulatory comment letters, providing legal support to NRA and CRPA lobbyists, drafting NRA and CRPA member alerts, and providing advice to NRA and CRPA members. Regulatory Counsel also collaborates with overlapping litigation, legislative, and regulatory matters to effectively oppose improper actions and incorrect interpretations of California law by state and local agencies.

Regulatory Counsel is responsible for many of the recently published webinars available on the CRPA's website which provide gun owners with a comprehensive analysis of recently enacted legislation and the recently proposed "assault weapon" regulations from the California DOJ.

HUNTING MATTERS REPORT

Closely related to Regulatory Counsel are NRA and CRPA's efforts to monitor and respond to issues impacting hunters throughout California. These efforts include developing strategies and taking action when necessary before the Legislature, the Fish & Game Commission, local municipalities, and other various regulatory agencies.

Hunting Regulatory efforts are also dedicated to pushing back against rabidly anti-hunting forces such as the United States Humane Society, and to improve policies impacting hunters in California to effectively promote and defend the right to hunt in California.

RANGE MATTERS REPORT

Last but not least, NRA and CRPA continually monitor environmental, land use, and design and safety issues that heavily affect shooting ranges and areas in California and throughout the nation.

NRA and CRPA's range assistance efforts include regular range evaluations and meeting with Club Boards to strategize and assist with coordination of defense campaigns against "not in my backyard" efforts from environmental non-governmental organizations, state and federal agencies, and municipal governments.

** In addition to the above-mentioned efforts, NRA and CRPA both employ full-time lobbyists in Sacramento to fight on behalf of gun owners in the California Legislature. NRA and CRPA regularly prepare and distribute [comprehensive legislative updates](#) and voting guides for [local](#), [state](#), and [national](#) elections, all of which are available online on the [NRA-ILA Stand and Fight California!](#) Webpage and [www.crpa.org](#).*

FIREARMS LITIGATION REPORT

NRA/CRPA California and 9th Circuit Litigation Matters

Issue	Case Name	Case Status	What's Next
Challenge to California's "assault weapon" restrictions.	<u>Rupp v. Becerra</u>	The case was filed on April 24, 2017, in response to SB 880 and AB 1135. It challenges California's entire "assault weapon" ban as violating the Second Amendment and due process and takings clauses of the U.S. Constitution. Plaintiffs filed a preliminary injunction motion to prevent the State from requiring individuals to provide the date they acquired their firearms and the name and address of the person from whom they acquired them, as a condition of registration.	A decision on Plaintiffs' motion for preliminary injunction is currently pending. Plaintiffs will soon be conducting discovery and will either file a motion for summary judgment or proceed to trial.
Challenge to California's ban on standard capacity magazines	<u>Duncan v. Becerra</u>	The case was filed in response to SB 1446 and Prop 63. It challenges California's ban on the acquisition and possession of magazines over ten rounds. On June 29, the district court granted CRPA's motion for a preliminary injunction, halting enforcement of the newly enacted possession ban while the case is litigated. The State immediately appealed the injunction order, but the case was ordered to continue in the trial court. The parties have completed discovery, and plaintiffs filed a motion for summary judgment on March 5, 2018.	Oral argument in the State's injunction appeal is scheduled for May 14, 2018, in San Francisco. Meanwhile, briefing on plaintiffs' summary judgment motion is ongoing. And a hearing is scheduled for April 30, 2018.

<p>Challenge to DOJ's recently enacted "assault weapon" registration regulations</p>	<p><u>Villanueva v. Becerra</u></p>	<p>The case was filed on September 8, 2017, in response to California DOJ adopting regulations concerning newly classified "assault weapons" under SB 880 and AB 1135. It challenges the regulations under California's Administrative Procedure Act because they were enacted without legislative authority and without any input from members of the public.</p>	<p>A hearing on the merits of the case is scheduled for April 19.</p>
<p>Challenge to CA and Los Angeles firearm carry restrictions that prohibit both open and concealed carry</p>	<p><u>Flanagan v. Becerra</u> (Formerly <u>Flanagan v. Harris</u>)</p>	<p>The case was filed on August 17, 2016, as a direct response to <u>Peruta</u>. It seeks to force the court to decide whether it is willing to uphold a complete prohibition on the right of law-abiding citizens to carry a firearm for self-defense. The parties filed cross-motions for summary judgment, which were argued on November 6, 2017. The court took the matter under submission and will be issuing a ruling any day.</p>	<p>Depending on the court's ruling on the cross motions for summary judgment, the next step is either a trial or an appeal to the Ninth Circuit.</p>
<p>Challenge to California DOJ's misuse of DROS Fee funds</p>	<p><u>Bauer v. Becerra</u> (Formerly <u>Bauer v. Harris</u>)</p>	<p>In March 2015, the district court issued an opinion upholding California's use of DROS fees to fund APPS and other law enforcement activities. On June 1, 2017, the Ninth Circuit affirmed the district court opinion. And on July 12, it denied Plaintiffs' request for an <i>en banc</i> hearing. Plaintiffs' filed a petition for review, but the United States Supreme Court declined to rehear the case.</p>	<p>Because the Supreme Court declined to rehear the case, the Ninth Circuit's decision is final, and the case is now closed.</p>

Issue	Case Name	Case Status	What's Next
Challenges DOJ's use of DROS surplus to fund APPS as an illegal tax	Gentry v. Becerra (Formerly Gentry v. Harris)	Plaintiffs filed an amended complaint alleging that the DROS fee is an invalid tax. On August 9, 2017, the district court issued a ruling granting Plaintiffs' request to prohibit DOJ from using DROS fees to fund unrelated law enforcement efforts and requiring DOJ to perform its statutorily required review of the current \$19 fee to determine whether it is "no more than necessary to fund" DOJ's costs for processing DROS transactions.	Plaintiffs' motion for leave to amend their complaint to include claims developed through discovery will be heard on June 22, 2018. And a hearing on the case's merits is scheduled for August 24.
Challenge to CA DOJ's underground regulations regarding the FSC Program	Belemjian v. Becerra (Formerly Belemjian v. Harris)	This case forced DOJ to comply with the process for enacting regulations, which it sought to avoid when implementing the FSC program in February 2015. Plaintiffs appealed the lower court's denial of their request for attorneys' fees.	On March 29, 2018, the Court of Appeal affirmed the denial of plaintiffs' fee motion. Further action is being considered.
Vagueness challenge to (AB 962's "handgun ammunition" sales registration requirement and mail order ban	Parker v. California	In December 2016, because of Prop 63, the California Supreme Court dismissed its review of a Court of Appeal opinion affirming the trial court's order striking down AB 962. The Court of Appeal's decision is now the final opinion, and plaintiffs are seeking their attorneys' fees against the State.	Plaintiffs' motion for attorneys' fees on appeal was heard on September 14, 2017. A further hearing is scheduled for April 5, 2018, and a decision is expected soon. Meanwhile, the denial of fees for work in the trial court is currently on appeal. Separate litigation is being prepared to challenge the ammunition restrictions in Prop 63.
Challenge to California's recently enacted ammunition sale restrictions	N/A	NRA and CRPA attorneys are in the final stages of preparing a lawsuit challenging California's recently enacted ammunition sales restrictions created by Prop 63 and SB 1235.	Make sure you are subscribed to NRA and CRPA email alerts to stay informed on this and other important Second Amendment lawsuits.

In addition to the previously mentioned cases, NRA and CRPA regularly provide consulting advice and prepare amicus curiae or “friend of the court” briefs in a number of other firearm related cases. NRA and CRPA have supported or will be supporting the following cases.

California and 9th Circuit Amicus and Consulting Support

Issue	Case Name	Case Status	What’s Next
FFL Zoning Restrictions	Teixeira v. Alameda County	On October 10, 2017, an 11-judge <i>en banc</i> panel of the Ninth Circuit issued an opinion holding that the Second Amendment does not protect a right to sell firearms. As a result, the court held, Alameda County’s FFL zoning restrictions do not unconstitutionally burden the right to keep and bear arms. Plaintiffs filed a petition for review in the United States Supreme Court on January 8, 2018.	Waiting to see if Supreme Court accepts review.
California Handgun Roster	Pena v. Lindley	The federal district court upheld the Roster in 2015. Plaintiffs appealed, and oral arguments were held on March 16, 2017. NRA and CRPA filed an amicus brief in the case on July 27, 2015.	Awaiting a decision from the Ninth Circuit.
10-Day Wait as applied to current firearm owners	Silvester v. Harris	In December 2016, the Ninth Circuit issued its decision upholding the 10-day wait as applied to current gun owners. Chief Judge Sydney Thomas went even further and stated that the restriction is “presumptively lawful” and therefore falls “outside the scope of the Second Amendment.” The United States Supreme Court declined to rehear the case, but not without a strong dissenting opinion from Justice Thomas.	Because the Supreme Court declined to rehear the case, the Ninth Circuit’s decision is final, and the case is now closed.

California and 9th Circuit Amicus and Consulting Support

Issue	Case Name	Case Status	What's Next
1st Amendment challenge to handgun ad prohibition	<u>Tracy Rifle and Pistol v. Becerra</u> (Formerly <u>Tracy Rifle and Pistol v. Harris</u>)	In July 2015, the district court denied a request to prohibit enforcement while the case proceeds. That decision was appealed, and in February 2016 the 9th Circuit upheld the lower court's order within two weeks of oral arguments. Cross-motions for summary judgment have been filed in the district court.	Awaiting a decision from the District Court on the cross-motions for summary judgment.
FFL zoning ordinance	<u>NSSF v. Pleasant Hill</u>	The case has been settled.	The City has agreed to pay NSSF over \$400,000 in legal fees.
Challenges DOJ regulation barring sale of more than one handgun in 30 days to COE holders	<u>Doe v. Becerra</u> (Formerly <u>Doe v. Harris</u>)	The state trial court upheld DOJ's regulation and the plaintiffs have appealed the decision to the California Court of Appeal.	The case has been fully briefed and will soon be scheduled for oral arguments.
Challenge to ban on possession and carriage of firearms on recreational Army Corps' lands	<u>Nesbitt v. U.S. Army Corps of Engineer</u>	At the request of both parties, oral arguments have been cancelled, and the case has been referred to the Ninth Circuit's mediation program.	The Army Corps of Engineers is reconsidering its firearms policy, and will work with plaintiffs to settle the matter outside of court.
State Court challenge to California's micro-stamping requirements	<u>NSSF v. California</u>	On December 1, the California Court of Appeal issued a ruling in favor of NSSF, allowing the lawsuit to proceed in the lower court. But on March 22, 2017, the California Supreme Court agreed to rehear the case following a petition from the State of California.	The case has been scheduled for oral arguments before the California Supreme Court on April 4, 2018.

NRA and CRPA also litigate and provide assistance in a number of critical Second Amendment cases across the country that could set precedent for future challenges to California gun laws. The following are some of the more recent and significant examples of these cases.

National Cases with California Interest

Issue	Case Name	Case Status	What's Next
<p style="text-align: center;">Challenges Maryland's ban on "assault weapons" and 10+ round magazines</p>	<p style="text-align: center;"><u>Kolbe v. Hogan</u></p>	<p>On February 21, 2017, an <i>en banc</i> panel of the 4th Circuit issued an opinion upholding Maryland's ban that referred to America's most popular types of rifles as "exceptionally lethal weapons of war." Plaintiffs petitioned the United States Supreme Court for review, but that petition was denied on November 27, 2017.</p>	<p>Although the <i>en banc</i> decision is now final, other lawsuits challenging similar restrictions (such as <u>Rupp</u>) are currently pending, and will provide another opportunity for the Supreme Court hear an "assault weapon" lawsuit.</p>
<p style="text-align: center;">Challenges Washington D.C.'s "good reason" requirement for the issuance of a CCW permit</p>	<p style="text-align: center;"><u>Grace v. District of Columbia</u></p>	<p>On July 25, 2017, the D.C. Circuit declared Washington D.C.'s "good reason" requirement for the issuance of a CCW was a violation of the Second Amendment. The Court also issued a permanent injunction prohibiting D.C. from enforcing the requirement.</p> <p>On September 28, the D.C. Circuit denied Washington D.C.'s request for rehearing.</p>	<p>On October 5, 2015, Washington D.C.'s Attorney General decided to not petition the case to the United States Supreme Court. As a result, Washington D.C. is now effectively a "shall-issue" jurisdiction.</p>

LOCAL ORDINANCE PROJECT REPORT

The Local Ordinance Project (LOP) is a joint venture between NRA and CRPA to research and actively monitor all of California’s 58 counties and 482 municipalities to support or oppose any proposed ordinance, law, or policy likely to impact Second Amendment rights. LOP efforts include developing and working with a network of professionals, citizens, local government officials and law enforcement professionals to effectively oppose local threats to California gun owners. Opposition campaigns typically include the preparation of opposition letters or pre-litigation demand letters, grassroots coordination, public information campaigns, and, in some cases, appearances at city council hearings. In many instances, these efforts have prompted local governments to vote down proposals or pull them from consideration. LOP efforts also serve as the foundation for NRA and CRPA litigation efforts against municipalities that enact anti-gun legislation.

Statewide Local Elections	LOP works hard to inform California gun owners of political candidate's voting records on Second Amendment Issues.	Continually develop and maintain detailed voting histories of local politicians, including whether they proposed or supported any firearm-related legislation.	Ongoing.

NRA and CRPA alerted members to the proposed initiative and are currently monitoring its development.	Proponents of the measure have until June 2018 to obtain the required number of signatures to move forward. Should it do so, NRA and CRPA attorneys will be ready to file suit if necessary.
Santa Clara County Gun Shows	In March 2018, the Santa Clara County Board of Supervisors directed County Counsel to draft an ordinance prohibiting gun shows on county-owned property.	NRA and CRPA alerted members to the proposal, but it is unknown at this time when County Counsel will submit a draft ordinance for review.	NRA and CRPA are monitoring county agendas for any updates.

LA City’s Ban on Sales of “Ultracompact” Handguns	For years, the Los Angeles Municipal Code prohibited the sale or transfer of “ultracompact firearms,” even if those firearms were listed on DOJ’s “Roster of Handguns Certified for Sale” in California.	On September 20, 2016, NRA and CRPA attorneys submitted a pre-litigation demand letter highlighting how the ordinance was preempted by state law.	As a result of NRA and CRPA’s pre-litigation demand, the City Council voted to repeal the ordinance. As of October 15, 2017, the ordinance has been officially repealed.
San Carlos Moratorium on Firearm Retailers	The City of San Carlos recently proposed and adopted a moratorium on firearm retail businesses as a result of several anti-gun residents complaining of a newly proposed Turner’s Outdoorsman which was set to open in mid-November.	NRA and CRPA alerted members to attend the City Council meeting, and submitted a letter of opposition to the proposed moratorium. But the City Council ultimately approved the temporary moratorium on a 4/5ths vote.	The City voted to extend the moratorium while it considers enacting a more restrictive FFL zoning ordinance.
Moraga Locked Storage and FFL Zoning Ordinance	The Moraga Town Council has listed implementation of a “safe firearm storage” and “home based firearm dealer” ordinance as a proposed goal for 2017.	On November 8, 2017, the Town Council proposed a mandatory locked-storage ordinance . NRA and CRPA alerted members to the proposal, and submitted a letter of opposition . In response, Moraga pulled the proposed ordinance from consideration so it could make necessary revisions.	Although the Town Council ultimately adopted the mandatory locked-storage ordinance on March 14, many of the controversial and illegal provisions were removed following NRA and CRPA’s opposition.
