

CRPA "GO"

Grassroots Outreach

CRPA's volunteers assist in many ways:

- Organize other grassroots volunteers. There is strength in members!
- Monitor and participate in local campaigns or programs to support or oppose proposed local firearm ordinances.
- Monitor candidates for state and local office worthy of support or deserving opposition, and participate in candidate evaluations. This is a critical screening function!
- Participate in election campaigns to support or oppose candidates and help get out the vote. We can make a difference in elections!
- Monitor efforts to restrict access to public lands for shooting or hunting and participate in campaigns to oppose these efforts. Environmental extremist groups want to close off public access to public lands and eliminate hunting!
- Monitor local media for news, opinions, or stories worthy of support or opposition. We need help making our voices heard!
- Meet with police and other government agencies to advocate for and educate about the right to keep and bear arms.
- Support local ranges, firearm retailers, gun shows, and pro-Second Amendment businesses, and involve them in CRPA efforts.
- Participate in a local CRPA Chapter in organizing educational, advocacy, and culturally enriching event for local communities.
- Assist with local CRPA shooting and training events as instructors, coaches, range safety officers, or administrators. You can make a huge difference for women, youth, and experienced shooters!
- Assist with CRPA member recruitment, education, and gun owner engagement efforts at trade shows, gun shows, and other events.
- Register voters!

CRPA Chapter Program

The CRPA Chapter Program and Volunteer Corps needs passionate volunteers in every California county to advance the CRPA's mission to protect and defend the right to keep and bear arms.

CRPA has built and is expanding its team of grassroots activists and volunteers who serve, educate, and engage gun owners and shooters in the political process, help get out the pro-gun vote, and help put on shooting and hunting events.

Thousands of CRPA members who are dedicated to supporting Second Amendment rights are taking charge in their communities! These CRPA grassroots activist leaders help us make this volunteer army more powerful and effective!

What is CRPA?

The California Rifle & Pistol Association (CRPA) founded in 1875, is a nonprofit 501(c)(4) membership and donor-supported organization. CRPA works relentlessly in California to defend your constitutional right to keep and bear arms. CRPA employs staff in Fullerton and Sacramento, works with hundreds of volunteers across the state, and is controlled by an independent Board of Directors. All dues and donations to CRPA are used specifically to benefit California gun owners through CRPA programs.

The CRPA Foundation

Donations to The CRPA Foundation (CRPAF) are used for the direct benefit of Californians. The CRPAF has its own Board of Trustees. Grants from CRPAF benefit a wide variety of constituencies throughout California, including eligible CRPA Programs that educate and benefit youth, women, gun collectors, hunters, target shooters, law enforcement, disabled shooters, and those who choose to own a gun to defend themselves and their families.

CRPAF's lawyers and experts work to strike down unconstitutional laws in court, defend and expand legal recognition of the rights protected by the Second Amendment, promote firearms and hunting safety, protect hunting rights, enhance marksmanship skills of those participating in shooting sports, and educate the public about firearms and their historic, technological, and aesthetic significance.

The CRPAF is a 501(c)(3) tax exempt entity, so contributions to CRPAF are tax deductible to the extent allowed by the law.

CRPA Political Action Committees

CRPA's political efforts are often coordinated through the CRPA's Political Action Committees, the CRPA-PACs. CRPA's PACs are formed to comply with California's campaign finance laws. CRPA-PACs seek to influence campaigns and elections at the state and local level to get people elected who understand the importance of the constitutional right to keep and bear arms, appreciate that firearms have social utility, and realize that gun control laws and gun bans do not work.

Volunteers Unite For Local Engagement

CRPA Volunteers are grouping together in their local communities under the banner of CRPA Chapters in order to bring a more powerful voice to their local politicians as well as engaging and meaningful educational and culturally enriching opportunities to their own neighborhoods!
