Hunter Education

CRPA supports hunting as the lawful use of a firearm. In fact, it's in our mission statement:

1. Protect, defend, and promote the right, ability, and opportunity for all citizens to hunt, fish, and take wildlife resources in the broadest sense safely, responsibly, and ethically.
2. Support and promote responsible management and conservation of natural and wildlife resources and habitat through sustainable hunting and take practices for current and future generations in accordance with the North American Model of Species Management.

In following the most scientifically accepted models for maintaining wildlife habitat, we encourage the responsible management of species which is essential to sustaining healthy populations of animals for generations to come.

The CRPA Training Department provides California Hunter Education courses so that those new to hunting can receive training and mentorship.

Check out our online resources or visit the CRPA Training Center & Pro Shop to see the latest field gear and to purchase your California hunting or fishing license today!

CRPA is an approved License Agent for the California Department of Fish and Wildlife.

California Hunter Education

Summary:

California requires hunter education training for those who have never held a California hunting license, who do not have a hunter education certificate, or who do not have a hunting license from another state or province issued within the past two years. Students may choose between two class format options: 1) Traditional Course and 2) Online Course with Follow-up Class. Classes are offered throughout the State by more than 1,000 certified volunteer instructors, all dedicated to keeping hunting safe, ethical, and available to all Californians.

Traditional Hunter Education Course – Option 1

Description:

This course consists of instruction in the following areas: firearms safety and handling, sportsmanship and ethics, wildlife management and conservation, archery, black powder, wildlife identification, game care, first air, and survival. After a student successfully completes the course and passes the final examination, they are awarded a Certificate of Completion. The Traditional Course allows for individual interaction with the instructor. The Traditional Course is most often preferred by first time hunters.

Find classes near you at <https://wildlife.ca.gov/Hunter-Education>

Duration:

10 hours

Online Course and Follow-up Class – Option 2

Description:

The online course, alone, is NOT a qualification for a hunter education certificate. Once you have completed an online course, you will still need to attend a 4-hour follow up class with a certified Hunter Education Instructor. Access is permitted to the 4-hour follow-up class only after a student has completed the written Home Study or Online component of the class.

Step 1: Attend an Online Course. Choose a course from one of the following providers found on:

 [Hunter-Ed.com California](https://www.hunter-ed.com)

Step 2: Attend a 4-hour Follow-up Class.

Duration:

4-hour follow-up class
