

LOCAL ADVOCACY REPORT

The **Local Advocacy Project** actively monitors all of California's 58 counties and 482 municipalities to support or oppose any proposed ordinance, law, or policy likely to impact Second Amendment rights. Local efforts include developing and working with a network of professionals, citizens, local government officials and law enforcement professionals to effectively oppose local threats to California gun owners. These efforts also serve as the foundation for litigation efforts against municipalities that enact anti-gun-owner legislation.

GUN SHOWS	For years CRPA has fought along side promoters to keep gun shows in California. Gun Shows are more than just a place to purchase firearms and beef jerky, they are a cultural experience of like-minded people coming together to discuss politics and their freedoms.	After a long wait from the Orange County Court, the judge enjoined the state ban on gun shows (no selling firearms, ammunition, or parts on state property) This WIN covered the state-wide law and the specific law for Orange County.	The state has now appealed the case to the Ninth Circuit and the OC and State law cases have now been joined with our challenge to the AB 893 out of San Diego. Both cases will be heard together in March 2024 oral argument. The gun shows returned to the Orange County Fairgrounds in January to record crowds of people happy to welcome them back! This case is now back in the district court and is moving forward. We have requested that the court allow an amended complaint. Stay tuned for more information
STATEWIDE PUBLIC RECORD REQUESTS	CRPA regularly seeks and obtains public records in connection with any anti-gun efforts in California. Such efforts include proposed anti-gun ordinances, gun buyback programs and other anti-gun regulatory enforcement issues.	Responses to these requests often yield valuable results, such as which members of a local government entity are working with anti-gun groups, sources of funding and other important information.	Ongoing. CRPA attorneys monitor and review thousands of pages of public records requests each month. *Public Records Requests have been submitted for the DOJ leak of gun owner information. Currently we are waiting on a renewed public records request from the state regarding an arbitrary rule that gun raffles and auctions are somehow banned from state property. This is not a current law or regulation and was not part of the original B & L Productions (Crossroads of the West Gun Shows) lawsuit. We are also waiting on public records for wait times with LAPD CCW Process.
CRPA COALITION WORK	The CRPA has been working with other groups across the state for years to influence and advance pro-2A work in the state. We believe in leveraging our combined strength to get things done.	Coalitions are built from other non-profit groups with similar missions coming together. We work with local chapter leaders, elected officials and legislative teams to push support and protection of the Second Amendment.	Watch for joint letters from coalition groups to fight harmful legislation in the state and for work with other groups during this election cycle. CCW Issuance Issues	We understand that there are issues with jurisdictions having enough training classes and issuance of CCWs	CRPA is working with jurisdictions to make sure that the regulations imposed are followed. CRPA is working with trainers to get them the correct information to meet the new standards.	It is not a requirement of the law that a co-worker be listed as a reference. We know that some police departments are trying to force this issue in the application process. If you run into this, go through your county Sheriff instead. If you still are getting the same requirement, please let us know at contact@CRPA.org County of Los Angeles- Still under lawsuit by CRPA and U.S. DOJ over long wait times. They refuse to use an outside group to process due to concerns about union workers. City of Santa Clara- currently being sued by CRPA for high fees and psychological exam requirements. Ghost Gun Bans	Gun Control groups are busy pushing to try to get local jurisdictions to pass restrictions on the possession, sale, transfer, or manufacturing of "ghost guns" including precursor parts	San Diego, Los Angeles, and San Francisco have all passed the same basic ordinance in the last few weeks. The problem with these ordinances is that they address areas of concern that are controlled by the state AND there is no clear definition of what a precursor part is at the moment- these cities just made every piece of metal illegal to own and created criminals out of citizens with lawful products overnight.	CRPA is currently fighting in the courts on this issue. Please follow CRPA news for more information.
CALL FOR PLAINTIFFS	If you are a CRPA member, we need you!	When local ordinance issues do not go well, we have to fight for your rights in court. We need members just like you who are negatively affected by these unconstitutional laws to step up as named plaintiffs in the	If you are interested in serving as a plaintiff in any of our upcoming litigation, please contact us at potentialplaintiffs@michellawyers.com .
Fight for Catalina Deer	CRPA has been working with other conservation groups in an epic battle to save the herd on Catalina and manage it responsibly.	Members and elected officials have responded in support of our efforts but we are fighting against Newsom, bad science, and big money on the island with the Wrigley family heiress attempting total eradication of the herd	Please follow on YouTube and Facebook for updated information and reports as they happen.
